

# Public practice & taxation

After a turbulent two years, jobs are now back and plentiful within the public practice and taxation sectors, says Suzanne Caffrey, Team Leader of Brightwater's Public Practice & Taxation division. She is confident that the jobs market is looking healthier than ever. 'We have a large number of roles in practice firms,' says Ms Caffrey (pictured), 'predominantly within the Top 10 and Big 4 firms but it's encouraging that many mid-tier firms are also recruiting at volume levels'. While many of the jobs are within audit, internal audit, risk and compliance, there are also jobs for newly qualified accountants with insolvency and restructuring experience.

*Brightwater is holding a Careers Open Day specifically for accountants in practice on June 15 from 8am to 8pm. Contact Suzanne Caffrey on (01) 662 1000. [www.brightwater.ie](http://www.brightwater.ie).*
